

Fly in style – your style.

The aircraft interior designs we create are beautifully appointed and flawlessly executed by experienced technicians to express your personal statement while maximizing functionality and safety.

Repairs, Refurbishments and Upgrades

Considering repairs to your existing design, or a complete refurbishment? We offer a range of services — including upgrades — for flight decks, passenger cabins, galleys, lavatories and cargo holds. Your safety is our priority: as an FAA certified repair station, all materials we use in the refurbishment of upholstery, cabinetry, carpets and interior panels conform to applicable FAA flammability requirements and standard practices.

One stitch at a time.

Allow us to earn your business

Let us quote your next project. We are committed to providing maximum quality with minimal downtime. Contact us at info@interiorsinflight.com or 407.275.2700.

OEMs, Operators & Mod Centers

Our customers include seat and airframe OEMs, corporate and private operators, and major aircraft repair & modification centers:
